NOTES & NEWS

Preventative Theft

Just a reminder to practice preventative theft by not keeping belongings outside your home (ie. shoes, valuables), it could be a welcoming gesture for unwanted guests (thieves). What you leave outside is a risk you are taking for it to possibly get stolen. We are a community but not excluded from the world's problems.

Community Respect

Please don't forget to have respect for community amenities. They are for everyone to use, not just you. One person can ruin it for the entire community. Treat them as your own, with respect & care.

An Official Fourth

With the adoption of the Declaration of Independence, America's identity as a free nation famously began on July 4, 1776. But Independence Day didn't actually become a federal holiday until nearly 100 years later, by an act of Congress in June 1870. Celebrating Independence Day with fanfare, food and friends remains a cherished tradition.

HIGHLIGHTS

The Joy of Koi

Ornamental gardens often feature koi fish, a species of carp cherished for their shimmering orange, red, white and black scales. Their Japanese name, *nishikigoi*, means "swimming jewel." Symbols of luck, prosperity, friendship and love, koi are prominently featured in Japanese art. Celebrate these graceful beauties on July 7, National Koi Day.

A Cool Head

Baseball caps and visors can shade your eyes from the sun, but for the best protection, choose a hat with a wide brim that covers your face, neck and ears. Beach hats, bucket hats and fedoras are stylish options. You can also find hats made of materials that block UV rays.

Early Riser or Night Owl?

Many of us know that "the early bird gets the worm," but if you're not a morning person, don't fret! "The second mouse gets the cheese," and no matter your schedule, the idea is to find what works best for you. Just strive for at least seven hours of sleep a night.

Love for Aunts and Uncles

Like parents, they offer wisdom and protection; like friends, they take you on adventures and keep your secrets. National Aunt and Uncle Day on July 26 celebrates these relatives—and honorary relatives—who are close to our hearts.

A Budget-Friendly End to Freezer Burn

Freezer burn isn't a food safety threat according to the U.S. Department of Agriculture, but it does lower food quality. "Vacuum seal" your bags to limit the amount of dehydrating air with this easy method: Start by zipping the bag until it's almost closed. Then, place the bag in a pot of water, which pushes extra air out of the bag. Just before the bag sinks, zip it up all the way.
